We would like to thank all of our Vendors, friends and family who supported Network and our Third Annual Wine Fund Raiser. All the proceeds go to our Client Emergency Fund. These funds have provided great services. One of our

residents from our Broad Street CLA was able to attend a session at Camp. Time at camp with peers is truly a priceless experience. Network, INC. also was able to help individuals obtain hearing aids, shoe inserts and medication. Without your support the residents or day program participants would have gone without these items. We look forward to your continued support at our next fundraiser.
